

NARIMENE ZOUBIRI

Process & Chemical Engineer

Algiers, Algeria | 05.41.52.37.48 | zoubirinarimane@gmail.com

PROFESSIONAL SUMMARY

Process and Chemical Engineer holding a Master's degree in Chemical Engineering. Hands-on experience in the pharmaceutical and water treatment sectors, with strong skills in data analysis and numerical simulation. Focused on technological performance and energy efficiency in the energy and chemical industries.

WORK EXPERIENCE

Pharmaceutical Production Internship

SAIDAL Group — Gué de Constantine

- Supervised production lines (solid and liquid dosage forms).
- Applied JMP8 (Good Manufacturing Practices) and industrial safety protocols.
- Analyzed formulation and packaging process steps.

Water Treatment Internship

National Sanitation Office (ONA) — Sidi Rezine

- Conducted physico-chemical analyses before and after treatment.
- Treatment processes: coagulation and flocculation.

Final-Year Project — SONATRACH

Sidi Rezine Refinery

- Performed physico-chemical analyses on petroleum samples (slurry): density, pH, pour point, flash point.
- Determined carbon residue (Conradson method); analyzed ash content, carbonization, and impregnation.
- Carried out chemical treatments (acid and base washing) and environmental analyses (COD, phenol content in water).
- Gained exposure to industrial units: ADU, MS Block, RFCC, ETP.
- Trained in HSE practices in a petroleum industry setting.

EDUCATION

Master's Degree in Chemical Engineering

2026

University of Science and Technology Houari Boumediene (USTHB)

Bachelor's Degree in Process Engineering

2024

University of Science and Technology Houari Boumediene (USTHB)

Baccalauréat, Mathematics Track

2024

Grade: Assez Bien (13.38/20) — Independent candidate

Baccalauréat, Science Track

2020

Grade: Bien (15.50/20) — Lycée Abdennour Bel Hadj

SKILLS

Process & Chemical Engineering: Unit operations, chemical reactors, separation processes.

Software & Data Analysis: Microsoft Excel (engineering calculations, data tables, charts), Word, PowerPoint.

Programming & Engineering Tools: Python (data handling, numerical computation), MATLAB and HYSYS (learning), JMP (industrial data analysis).

LANGUAGES

Arabic: native | French: fluent | English: fluent
