

MOHAMED DOUDOU

Computer Science Master's Graduate | Backend Developer | IT Systems Enthusiast

Algiers, Algeria | +213 555 850 180 | doudoumohammedm16@gmail.com | github.com/doudoumed

PROFILE SUMMARY

Computer Science Master's graduate specializing in Networks and Distributed Systems, with a strong foundation in IT systems, backend development, databases, and software engineering. Experienced in designing and developing academic projects involving information systems, IoT, artificial intelligence, and microservices.

Currently seeking an opportunity as a Systems Engineer, IT Support Engineer, Backend Developer, or Database Assistant where I can contribute my technical skills while continuing to grow professionally.

EDUCATION

Master of Computer Science

Specialization: Networks and Distributed Systems

University Constantine 2 • Graduation: 2026

Bachelor's Degree in Computer Science

Licence Sciences de l'Informatique

University Constantine 2 • Graduation: 2024

ACADEMIC PROJECTS

Defense Management System | Django, Flutter, Oracle Database

- Developed the backend using Django.
- Designed and managed the Oracle database.
- Connected the mobile application with backend services.
- Participated in system design and testing.

Smart Parking System | IoT, Artificial Intelligence, Python

- Integrated IoT devices for parking monitoring.
- Implemented AI-based vehicle detection.
- Developed backend components for data processing.
- Improved parking management through automation.

Microservices Project | Django, REST APIs

- Built a modular backend using microservices principles.
- Designed RESTful APIs for communication between services.
- Improved understanding of scalable software architecture.

TECHNICAL SKILLS

Programming

- Java
- Python
- SQL

Operating Systems

- Linux

Backend Development

- Django
- Django REST Framework
- REST APIs

Development Tools

- Git
- GitHub

Databases

- Oracle Database
- PostgreSQL

Other Technologies

- Flutter
- IoT
- AI Fundamentals
- Microservices Architecture
- Cloud & DevOps

SOFT SKILLS & LANGUAGES

Soft Skills

- Problem Solving
- Teamwork
- Communication

Languages

- Arabic — Native
- English — Intermediate (B2)
- French — Intermediate (B1)

- Analytical Thinking
- Adaptability
- Time Management
- Fast Learner

CAREER OBJECTIVE

Seeking a stable position in the IT industry where I can apply my knowledge of backend development, databases, and IT systems while continuously developing my technical and professional skills.
