

AHMED KOUMNI

Systems & Network Engineer

Algiers, Algeria | +213 6 67 58 99 96 | koumniahmed05@gmail.com

SUMMARY

Systems & Network Engineer with hands-on experience in enterprise infrastructure, Linux/Windows administration, network security, virtualization, firewalls, VPNs, storage and backup. Experienced in multi-site infrastructure operations, troubleshooting and automation.

EXPERIENCE

Network & Systems Engineer — <i>Techno Modern Stationery (TMS), Algeria</i>	Oct 2025 – Present
- Administer Linux and Windows Server, Active Directory, DNS and DHCP - Manage Firewall, firewall policies, NAT, routing, VLANs and network segmentation - Configure and troubleshoot site-to-site VPN, SD-WAN and multi-WAN connectivity - Deploy and manage virtual machines using Hyper-V and Proxmox - Administer Synology/QNAP storage and backup infrastructure - Configure and troubleshoot RADIUS/NPS authentication and network access - Support multi-site infrastructure projects - Automate administration using Python, PowerShell, Bash, REST APIs and Postman - Diagnose infrastructure incidents involving servers, networks, DNS, DHCP, VPN and connectivity	
Business Intelligence Intern — <i>Djezzy, Algiers</i>	2025
Business data analysis using Power BI	
Network Intern — <i>Algérie Télécom, Ghardaïa</i>	2024
Local network configuration, diagnostics and telecommunications network analysis	
Network Infrastructure Intern — <i>Mobilis, Ghardaïa</i>	2023
Studied GSM architecture and BSC/RNC infrastructure	

EDUCATION

Engineering Degree — Networks & Telecommunications — <i>ENSTTIC, Oran</i>	2020 – 2025
Specialization: Telecommunications & Digital Technologies	

TECHNICAL SKILLS

Systems: Linux basics, Windows Server, Active Directory, DNS, DHCP, Bash, PowerShell

Networking: TCP/IP, IPv4, VLAN, Routing, NAT, VPN, SD-WAN, DNS/DHCP, Troubleshooting

Security: Sophos Firewall, Firewall Policies, Network Segmentation, RADIUS, VPN Security, Access Control

Virtualization: Hyper-V, Proxmox, VirtualBox

Infrastructure: Servers, Synology, QNAP, Storage, Backup

Automation: Python, REST API, Postman, PowerShell, Bash

CERTIFICATIONS

DGA Germany Training & Digitalization: Data Analysis Power BI, CRM, Business Process Modeling (BPM)
Project Launch

Cloud & Infrastructure Engineering — Yacine Academy | In Progress

IT Volunteer — Mediterranean Games, Oran 2022
